High-Grade Railway Securities Several Veniremen Excused as Also Suffer in Wall Street-Ad-Jurors Because They Admit verse Crop Reports Help Having Feeling Against Bribery and Kindred Crimes.

> Attorneys Charles P. Johnson and Thomas J. Rowe, representing Harry A. Faulkner, former member of the House of Delegates, who is to be retried on the charge of perjury, filed notice with Circuit Attorney Folk last evening that they will apply to Judge Douglas this afternoon for a change of venue.

The application for a change of venue will be made on the ground that too much The break of 5% points in Amalgamated Copper is rather more far-reaching than prejudice exists in St. Louis for the defendant to get a fair and impartial trial. This contention on the part of the defendant's counsel is well substantlated by the replies made by jurors who were ex-

amined yesterday to questions put to them by the attorneys for the defense. It was shown that much prejudice exists overboard at practically any price that was against bribery and perfury in the city. Several of the jurors who were excused declared that they had no prejudice against forced to let go at least 20,000 shares, and Faulkner personally, but they believed there was something crooked in the House gree to numerous other places. Sales of Amalgamated Copper aggregated more than of Delegates, and that the combine mem

YELLOW FEVER IS NOW A PLAYTHING."

Member of Surgeon General Wyman's Staff Makes Remarkable Statement on Result of Investigations.

REPUBLIC SPECIAL. Washington, July 23.-Yellow fever is now a plaything.

This declaration was made to-day by one of the members of Surgeon General Wy-man's staff, who has followed very closely the work of investigation of the cause and prevention of yellow fever that was taken up earnestly by various scientific departments of the Government three years ago. More than to any other department of the Government it has fallen to the lot of the Marine Hospital Service, of which Surgeon General Wyman is chief, to pursue this work steadily and persistently, although all of the scientific bureaus have contributed valuable aid to the result, which at last as been attained.

By authority of Surgeon General Wyman, bulletin has been issued on the subject, which presents an elaborate review of the work done during the past year by the commission of experts sent to Vera Cruz, Mexico, by the Marine Hospital Service, to study the disease. It is confidently asserted by the highest

clentific authorities in Washington that here is no longer cause to fear an outbreak

there is no longer cause to fear an outbreak of yellow fever in those regions of the South where the disease in past years has wrought such frightful havoe both to life and commerce. To Doctor Herman B. Parker, Assistant Surgeon, United States Marino Hospital Service, and Doctors George E. Beyer and O. L. Pothler of New Orieans is due the credit for demonstrating beyons reasonable doubt three propositions whose practical importance canot be overestimated, viz.:

1. That the cause of yellow fever is an animal parasite, and not a vegetable germ, or bacterium.

2. That the disease is communicated only by the bite of mosquitoes.

8. That only one genus of mosquitoes, which is classified as Stegomyia Fosciata, is the host of the yellow fever parasite.

It is expected that within six months the commission will make another report to the Government, which will wind up the work and will so thoroughly cover every point now in doubt as to fully convince the galentific world that yellow fever has been masters at last, because its cause has been demarkely ascertained.

REBEL LEADERS CAPTURED IN CIUDAD BOLIVAR'S FALL

Great Courage Displayed on Both Sides in Sanguinary Struggle Which Lasted Fifty-Two Hours.

Soledad, Venezuela, Tuesday, July 21. (By boat from Cludad Belivar)-Cludad Bolivar was captured at 11 o'clock last night after fifty-two hours of a desperate struggle and horrible carnage, during which great courage was shown on both sides.

The jail and the capitol were the centers

of the most severe fighting and many men were killed or wounded there. When those places were captured only few blocks behind the capitol remained to be taken. At midnight the fusilleds conser and the silence of death reigned all the rest of the night over the city.

At 5 in the morning the correspondent of the Associated Press followed General Rivas, the commander of the Government troops, who met General Gomez, the Venetroops, who met General Gomez, the Vene-guelan commander, in conference, near the capitol and confirmed the announcement that the capitol, the jail and all the rest of the city were in the hands of the Gov-ernment soldiers.

General Gomez Informed the correspond-ent that the resistance of the capitol had been of a nature worthy of a better cause, that each yard of rampart was covered by the dead, and that General Nicolas Ro-lando, the last representative of the revo-lution and his two lieutenants, Generals Pablo and Guzman, had been taken prison-ers.

WORLD'S LARGEST BATTLESHIP "King Edward VII" Is Launched in England.

London, July 31.-The new battleship King Edward VII, the largest in the world, was successfully launched by the Prince of Wales at Devonport this afternoon. Among those present were the Prince of Wales, Princess Henry of Battenberg and the Lords of the Admiralty.

King Edward laid the Reel plate March 8, 192. The vessel cost \$7.500.000. The King Edward VII is of 18,220 tons displacement, only 350 tons more than the placement, only 350 tons more than the Louisiana, now building in Newport News, and the Connecticut, building in New York. She is 425 feet loug, has 78 feet beam, a draft of 35%, and is 18,000 indicated horse-

power.

Her armor belt is from 8 inches to 124, inches thick, of Krupp steel. Her armament consists of four 12-inch guns, four 3-inch guns, ten 5-inch guns and 3 guns of smaller caliber, and has two torpedo tubes. Her estimated speed is 12.5 knots, she carries 80 tons of coal and has a complement of 80 men.
